

# Tasmanian Museum and Art Gallery LOAN RESOURCE

Please turn over for information about the iRemember gallery sessions.

The iRemember case is a free loan resource developed between TMAG and the Wicking Dementia Research and Education Centre.

The 16 objects within the case aim to assist people living with dementia and their friends, families, partners and carers to communicate more easily and enjoyably with each other. It's about encouraging the telling of stories and the sharing of memories, using real objects to stimulate conversation and remembering.

The objects have been carefully selected and can be handled. There are cards relating to each object with additional information and discussion points which assist and encourage users to develop conversations and share experiences.

**There is a fee for freighting if required.**

## iRemember Gallery sessions for older visitors

**A program at the Tasmanian Museum and Art Gallery (TMAG) for people living with dementia, and their friends, families, partners and carers**

This free guided one hour program provides an opportunity for people living with dementia and their carers to visit TMAG in a relaxed way, looking at and touching real objects and sharing stories and memories linked to these objects while sitting around a table enjoying morning or afternoon tea together. There will also be time to begin exploring some of TMAG's galleries.

This program is designed for groups of 10-20 people including carers. Groups are encouraged to spend some additional self-guided time at the museum after their guided program, so that the whole visit is unhurried.

All areas visited have level access and TMAG has a cloakroom, toilet facilities, a shop and a café.

To make a booking or an enquiry for an **iRemember gallery session**, please email: [TMAG.bookings@tmag.tas.gov.au](mailto:TMAG.bookings@tmag.tas.gov.au)
