

VOLCANO LOVER / LUCY BLEACH

FAMILY DAY IN THE LAB

SUNDAY MARCH 27, 2011

SCHEDULE OF ACTIVITIES

11:00 am - 11:30 am Making mini-volcanoes

Make a volcano to display at the museum with Rosie (Art Educator, TMAG) in the Volcano Lab, Gallery 4.

12:00 pm - 12:30 pm Volcanic rocks & more

Take a tour with Dr. Andrew (Palaeontologist, TMAG) through the Geology Gallery.

1:00 pm - 1:30pm I'm all shook up!

Explore colourful chromatography experiments with Dr. Rob (Associate Professor Chemistry, UTAS) in the Volcano Lab, Gallery 4.

2:00 pm - 2:30 pm D.I.Y lava lamps

Learn how to build a bubbling beauty with Dr. Rob (Associate Professor Chemistry, UTAS) in the Volcano Lab, Gallery 4.

Volcano Lover is an installation by contemporary Tasmanian artist Lucy Bleach which explores our fascination with the drama of volcanoes in a virtual eruption of colour, light and sound.

Volcano Lover is the first part of the *Star/Dust* contemporary art series developed by three Tasmanian artists and presented with the support of Detached Cultural Organisation.

Volcano Lover is presented as part of *Ten Days on the Island 2011* and with the support of MONA and the Friends of the Tasmanian Museum & Art Gallery.
