Loan Service 2018

A large variety of specimens in cases are available for loan to schools, other organisations and community groups. They are great for sketching and research. All loans are for a period of two weeks.

There are three different membership options for borrowing specimens:

- 1) **Full year membership** - \$120 (inc. GST). This enables each participating school/group to borrow two specimens each fortnight throughout the year.
- 2) **Term membership** - \$40 (inc. GST). This enables participating schools/groups to borrow two specimens each fortnight for a school term.
- 3) **Single borrowing** - \$20 (inc. GST) per specimen (max. three specimens) for two weeks.

New borrowers need to make an appointment to sign up for the loan service. They will be shown where the collection is kept, sign the loan agreement form and borrow the first two specimens. An invoice will then be issued to the school. Specimens cannot be booked for particular dates, borrowers need to browse the collection at the time they wish to borrow a specimen.

If loans are not returned by the due date or returned damaged, a fine may be incurred by the borrower.

Borrowers can return/change specimens from Monday to Thursday between 9:00 am – 5:00 pm and Fridays 9:00 am – 3.45 pm. Loans are located at the reception area of Custom House, 19 Davey Street, Hobart.

For further information, please email: tmag.bookings@tmag.tas.gov.au or phone **61657001**

A list of available specimens is on the back of this page

Other loan resources available:

- **Ice Boxes**
Antarctic Education resource boxes, for more information visit our website: http://www.tmag.tas.gov.au/learning_and_discovery
- **Memorial Boxes**
Resources from the Australian War Memorial. For more information please visit the Australian War Memorial's website: <http://www.awm.gov.au/education/schools/resources/memorial-boxes/>
- Freight charges apply for both these resources (\$60 return for each resource)

A list of the available specimens
